THE TWENTY-SIXTH ANNUAL REPORT OF TOC H

APRIL, 1946

LAST year we produced "the Sixth War-time Annual Report." The period now under review covers part of the transition from War to Peace in the history of Toc H.

Toc H War Services Work continued until November, 1945. At the peak period during the war there were 297 Toc H Services Clubs registered in the British Isles, 36 of which were controlled by Headquarters. 107 paid workers and about 30,000 voluntary workers have served on the operating and administrative staff in connection with these clubs. About 100 of these clubs now remain open, and there are still 26 paid staff and a large number of voluntary workers to care for them. It is anticipated that very few indeed will continue beyond the end of this year.

Overseas the work is also in process of reduction. Hostels and Clubs of all kinds, static, semi-mobile and mobile, to the number of 120, have been called into existence throughout all theatres of war, many fading out again as the war moved on. 220 paid staff have been appointed by Headquarters as Commissioners, Representatives and Wardens-in-Charge. At the time of going to press, 52 clubs and 139 staff men are still on the strength, many of the latter awaiting repatriation. It is anticipated that by April, 1947, the Overseas Clubs controlled by Headquarters will have been reduced to a few with the B.A.O.R. and those at Gibraltar, Malta and Jerusalem. About 100 Clubs hitherto run by Toc H in the Dominions are also in course of disestablishment.

Toc H Services Work has since November, 1945, become the successor of Toc H War Services. In that month the Toc H Services Fund was established to finance the work and was registered under the War Charities Act, 1940, for the following purpose: "To establish, equip and maintain for the benefit of H.M. and Allied Forces and Colonial Police Forces and men of the Merchant Navy, Clubs, Hostels, Canteens, Rest Rooms and other amenities of the nature usually afforded by Toc H, and to provide a trained staff for the proper administration of these activities."

Thus many of the temporary Clubs will be financed through this fund until they are closed, as also those of a more permanent kind with the B.A.O.R. and in Gibraltar, Malta and Jerusalem. The fund, which will be maintained by appeal, will make possible the staffing of our Services Teams work and of further work of any nature which we may undertake for the benefit of members of H.M. Forces at home and abroad.

Accounts—Toc H War Services Fund: The Income and Expenditure Account for the year may be summarised as follows:

Net Income from Appeals	£	s.	d.
	87,166	18	9
<i>Deduct:</i> Net cost of establishing and maintaining Clubs:			
	£	s.	d.
Expenditure in Clubs	304,331	13	8
<i>Less</i> Income from Clubs	243,004	15	0
			61,326 18 8
Balance being excess of income over expenditure for year to date ...	£25,840	0	1

The substantial increase in the Services Clubs figures is accounted for by the development of our work on the Continent of Europe. On the other hand, the activities of many of our Clubs in the United Kingdom have come to an end owing to demobilisation or troop movements. The unexpended income for the year of £25,840 os. 1d. is carried to the Balance Sheet making a total unexpended at October 31, 1945, of £49,759 8s. 11d. Of this sum £37,000 is earmarked for work in India, Burma and the Far East in 1946. We have other definite commitments and liabilities at home and in other overseas theatres which will soon swallow up the balance of £12,759, although, of course, the large bulk of our work through Services Clubs is gradually coming to an end. These activities are being replaced by work of a more personal, and in present circumstances, we believe, of a more vital, nature in the establishment of Toc H Services Teams overseas. This work is being rapidly developed and requires the full-time energies of well-trained men. As it is not income-producing of itself, it is obviously more costly to maintain than Services Club work. We estimate that we shall require at least £120,000 to see this work through during the next three years.

Peace-time at Home: Toc H is in the throes of transition from war to peace, or semi-peace. As has already been shown, our efforts for men on war-time service are lessening. At the same time, we have been working towards the rehabilitation of our normal set-up of groups and branches, districts and areas in Great Britain and Ireland. The pattern may be varied somewhat to suit the changes in conditions of national life, but the scheme of organisation retains its simple character if only to serve as a strip from which Toc H may take off for further flight. The strength of Toc H lies in the quality of its spirit and its membership. Yet while we rebuild, many voices are calling upon Toc H, and to these heed must be given without changing the basic character and purpose of the movement.

Overseas in the Dominions and beyond, post-war Toc H is being moulded. Rededication and contact with the Old Country are matters of immediate concern. It is expected that Padre Gilbert Williams will leave shortly on a visit to Toc H in Australia and New Zealand. Three South African staff men will have received some training in England. Brian Billings has assumed duties as Overseas Secretary at 47, Francis Street, and it is hoped that the appointment of an executive Hon. Overseas Commissioner at Headquarters will not be much longer delayed.

Both at home and overseas, the order of the day in Toc H is re-construction and re-inforcement, so that the movement may fit itself to bring by work and by speech a Christian influence to bear upon the problems of a war-worn world.

Accounts—Toc H General Fund: The Income has again approximately balanced expenditure and has permitted an allocation of £2,000 to Staff Superannuation Scheme

Reserve. In order to make this possible, however, the annual percentage written off Freehold and Long Leasehold Properties has been reduced by 1% for this year. Attention should be drawn also to the items on the Balance Sheet under the heading of "Donations, etc., for Special Purposes unexpended: £22,799 4s. 11d." Much of this money is tied to specific objects as will be seen, but the single item "Thanksgiving Fund: £7,005 5s. 1d.", which has been entirely contributed by the Membership, includes £6,005 which is available in the current year towards any deficit which may arise, the balance of £1,000 having been earmarked for a specific purpose. Our staff in the field at home is being strengthened and, so far as one can see, we shall require between £17,000 and £20,000 *additional income this year* to meet our expenditure. If we deduct the Thanksgiving Fund figure of £6,005 from this estimated requirement, there remains a net balance of £11,000 to £14,000 additional income to be found before the end of the current financial year in October, 1946, without taking into account possible overseas requirements. Next year the figures will be higher if our increased commitments are to be covered.

Membership is the medium by which Toc H spirit is engendered and spread. We look and hope for an influx of new young membership from among those released from H.M. Forces. We want particularly the spirit and leadership of those who did their best in what they were told was "the war against things evil." They will realise that that war is still on; but it is a different kind of warfare. Other principles of strategy and tactics will have to be learned. There will be much teaching to be done.

Area Staff. Padre and lay, must be strengthened. We have 25 areas in Great Britain and Ireland, for each of which a Padre and a Secretary are required. At present, in 5 of these Areas there are Honorary Area Correspondents without any full-time staff. There are 19 whole-time Area Padres and Area Secretaries actually on duty, 6 of whom work in more than one Area. There are 3 new laymen in training, and more candidates will be forthcoming as the younger Servicemen are released. Our needs have been made known to the membership and to other appropriate sources. In addition we require 17 Mark Padres and Pilots; at present we have only 6. For all these posts much care is exercised in selection, and we want men of all ranks of society.

Appeal for Toc H General Funds: More money will be required to pay the Area and Office Staff of Toc H Incorporated. The membership has been helping notably in this respect, as its own raising of the Thanksgiving Fund demonstrates. This self-help will continue by way of membership subscriptions and increased unit contributions. Indications point, however, to the necessity for a wider field of financial support. The Central Executive has, therefore, given instructions that an appeal be launched with the object of securing revenue totalling £200,000 over the years 1946/48, in connection with which consultations between the Bursar and Area Executives have been initiated. The Central Revenue Committee, under the chairmanship of the Earl of Clarendon, has already shifted the emphasis of its function from Toc H Services work in favour of Toc H General Funds, and it is hoped that its lead will be followed by the Area Revenue Committees, which, like the Central Revenue Committee, have in the past helped so effectively in gathering the funds with which our War Services work was financed.

Special fields of endeavour, some designed to strengthen Toc H internally, others to bring its influence to bear elsewhere, have received yet more attention during the period under review. Marks III and XXII are due for early rehabilitation. A greater degree of co-operation between Toc H and its Women's Section has been achieved both centrally and in the areas. Leprosy Relief work has taken a further step, albeit a modest one to date. Youth Service is recovering its strength; while International Relationships continue to expand.

The Founder Padre. "Tubby" has spent the year centred upon All Hallows on Tower Hill. From there he has visited Toc H in Belgium and has also toured many Areas in Great Britain, speaking to and inspiring a large number of Toc H units and their friends. On the occasion of the thirtieth anniversary of the opening of Talbot House, Poperinghe, and of "Tubby's" sixtieth birthday, on December 12, 1945, it was decided to commission the painting of his portrait.

The Old House at Poperinghe, the birthplace of Toc H, after serving a period as a Toc H Services Club, has resumed its quieter life, and its destinies are once more presided over by the Old House Committee.

The Elder Brethren: In the final assaults of the war a heavy toll of younger members fell in action, and since it ended our losses of members in action and imprisonment in the Far East during the war years are at last becoming plain. It is not possible yet to produce a complete Roll of Honour.

The Future: Although the war, thank God, is over, there will for some time yet be two main channels of endeavour for Toc H. Firstly, the work among members of H.M. Forces will gradually divest itself of its Clubs and Canteens and thereafter have its being in Services Teams, thereby acquiring a closer likeness to the parent body. In B.A.O.R. the three Corps Areas have already for our purposes become Toc H Areas and will soon have one trained Area Secretary in each with, we hope, others to follow.

Secondly, as the Services work undergoes this change of form, Toc H in civilian life will, we hope, grow stronger yet in spirit, fellowship and work, attracting and absorbing into itself not only those members periodically discharged from the Services Teams, but also newcomers from walks of life as wide as Christianity itself.

Often during the years of war have we heard said that the end of it would bring yet greater and wider opportunities to Toc H for the exercise of its spirit and the performance of its task. Many of us have felt that it must surely be so. Well, the war is over. The time has come. There is a wide horizon before us. In all faith let us move towards it.

THE MAIN RESOLUTION OF TOC H

The following, known as the "Main Resolution," was passed on December 16, 1922 and confirmed by the Central Councils of Toc H for 1923-24 and 1924-26:—

"Remembering with gratitude how God used the Old House to bring home to multitudes of men that behind the ebb and flow of things temporal stand the eternal realities, and to send them forth strengthened to fight at all costs for the setting up of His Kingdom upon earth; we pledge ourselves to strive:— To listen now and always for the voice of God; To know His Will revealed in Christ and to do it fearlessly, reckoning nothing of the world's opinion or its successes for ourselves or this our family; and towards this end;

TO THINK FAIRLY,
TO LOVE WIDELY,
TO WITNESS HUMBLY,
TO BUILD BRAVELY."
